PROJECTS

BCG GenAI Job Simulation (Forage), Remote

Jun. 2025

- Built an AI-powered financial chatbot prototype translating user prompts into structured financial insights.
- Used Python (pandas) to clean, transform, and analyze financial statement data from 10-K and 10-Q filings.
- Integrated multi-period SEC filing data using rule-based logic to generate user-friendly insights (e.g., performance drivers, key changes over time) and support basic financial Q&A.

NUVIEW with Manna Project International, Remote

May 2025 - Jun. 2025

- Participated in a five-week experiential learning program focused on social impact and entrepreneurship.
- Gained career exposure to entrepreneurship and engaged in additional professional development activities.
- Created an 11-slide donor-facing pitch deck using *Canva* for MPI's Raíz program in Ecuador; presented in a 3-person team across 2 meetings with MPI executives.

Pitch Your Success Competition, Yangon, Myanmar

Sep. 2023 - Oct. 2023

- Developed *BurLook*, a web platform connecting Myanmar residents with cultural and entertainment.
- Created pitch deck and website prototype using *Figma* and *Framer*.
- Conducted a citywide survey with ~50 responses to validate target users and demand; synthesized findings into product and positioning decisions.
- Selected as 1 of 10 teams to present out of 22; received strong positive feedback.

LEADERSHIP EXPERIENCE

Leader of Global Magazine @ ISY, Yangon, Myanmar

Aug. 2022 - May 2024

- Co-led editorial planning and production for 3 issues per academic year, serving 200+ readers.
- Led weekly editorial meetings to improve the quality, engagement, and visual appeal of each edition.
- Wrote articles, created social media posts, photographed school events, and assisted with layout design.

Leader of Yangon Animal Shelter @ ISY, Yangon, Myanmar

Jan. 2023 - Jan. 2024

- Selected as 1 of 3 student leaders for an NGO focused on rescuing and caring for street animals.
- Managed a team of over 20 members, assigned team leaders, and oversaw responsibilities across fundraising, outreach, and logistics.
- Conducted weekly meetings to coordinate activities and organized 4 fundraising campaigns, including developing and overseeing interactive activities at festivals, and merchandise sales.
- Raised 4,000,000+ MMK (~USD \$1,000) in the first four months; funds supported construction of new water wells at the shelter.

TECHNICAL EXPERIENCE

Member, Software Development Club @ ISY, Yangon, Myanmar

Aug. 2022 – May 2023

- Created wireframe and UI/UX design for a custom school social app
- Developed an anonymous chat app for school counselors promoting student mental wellness.
- Used *Figma* for prototyping and collaborated with the backend team for MVP development.
